INSTALLATION INSTRUCTIONS | APRIL 2023

DIMENSIONS

MOUNTING INSTRUCTION

1 Put the LED module or the bulb in the lamp ring and mount the ring into the housing to fix it by turning it clockwise.

2 Make a hole in the ceiling according to the prescribed dimensions.

3 POWER CONNECTION

LED Always use a driver according to the specifications of the LED module.

Single connection

Multiple connection

PAR16

Single connection

Multiple connection

4 Push the springs upwards and insert the fixture in the ceiling hole.

Driver must be powered off before connecting the cables.

Before connecting the luminaire/LED module to the driver please make sure the driver is not powered but disconnected from the mains. The driver can only be powered when the luminaire/LED module is already connected. Disregarding this instruction might damage or even destroy the luminaire/LED module.
