DISMOUNTING INSTRUCTION

Light source & driver

- 1 Loosen the socket screws and fall protection hook to remove the mounting base.
- 2 Disconnect the wires and unscrew the driver to remove it.
- 3 Unscrew the top part from the glass.
- 4 Loosen the screws and disconnect the wires to remove the light source.

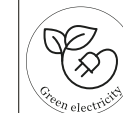

The driver can be replaced by the end user.

The light source is replaceable by Wever & Ducré or by a professional with explicit authorisation. For more information please contact your local Wever & Ducré customer service point.

This luminaire contains a light source with the energy class G.

Use green electricity to light up your luminaire.
