

# SARA on track

INSTALLATION INSTRUCTIONS | DECEMBER 2022

## DIMENSIONS

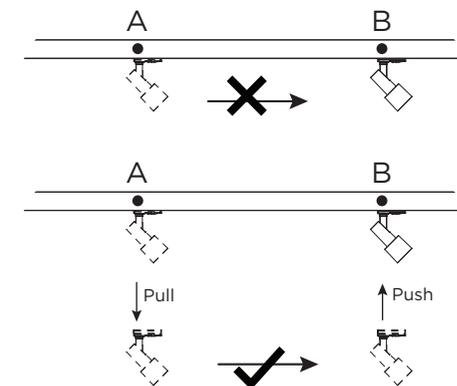

## MOUNTING INSTRUCTION

- 1 Turn the adapter's handle 90° as illustrated.
- 2 Push the fixture into the track. Make sure the ⊕ icon on the inside of the adapter is faced towards the track side with the **polarity line** carved in it.
- 3 Turn the handle back into the original position.
- 4 For PAR16: mount the lamp into the GU10 socket and fix it with the spring clip.

WARNING

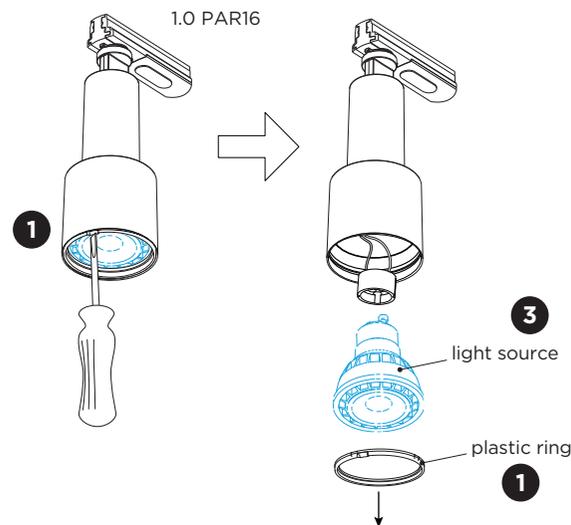

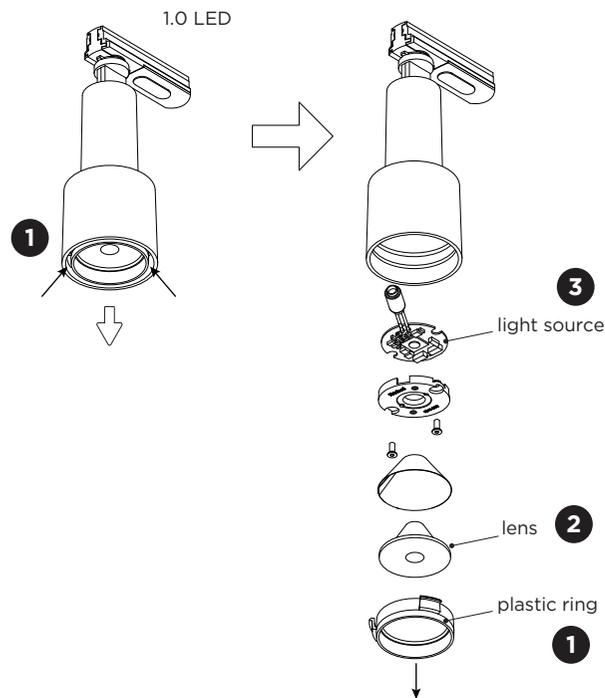

Note: the fixture is not allowed to slide in the track. If you want to change location of the fixture in the track, please pull the fixture out of the track and install it on the correct position.

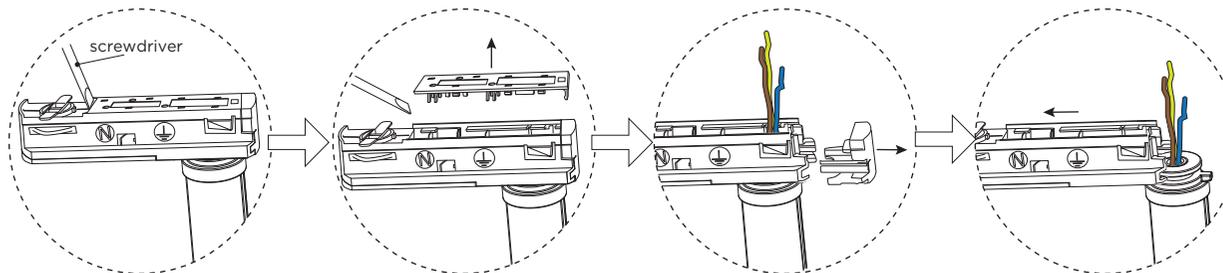

# SARA on track

INSTALLATION INSTRUCTIONS | DECEMBER 2022

Remove the light source.

Remove the adapter.

## DISMOUNTING AND RECYCLING INSTRUCTIONS

### Light source

- 1** For LED: Push on the sides of the plastic ring and pull it out.  
For PAR16: Use a tool to pick the gap in the spring clip and pull the spring clip out.
- 2** For LED: Remove the lens and unscrew the holder.
- 3** Remove the light source.

The light source is replaceable by an authorized professional.  
For advice contact your Wever & Ducré customer service contact point.
